

## ROLE DESCRIPTION

### Associate in Consulting (m/f/d)

#### Position Summary:

An Associate in our Consulting Department plays a crucial role in operational excellence, offering insights and expertise in their specialized area. This position is instrumental in ensuring the delivery of top-quality work, maintaining robust client relationships, and making valuable contributions to our proposals and knowledge management efforts. With a commitment to quality and a proactive approach, the Associate is a vital contributor to the success of our consulting engagements and the ongoing enhancement of our services.

#### Role specific responsibilities:

- Engages in specific business processes, industry topics, or technology areas.
- Delivers high-quality work products independently within a specialized area.
- Maintains and develops relationships with client counterparts and networks extensively.
- Supports consulting proposals in areas of expertise.
- Contributes to knowledge management initiatives withing the company.

#### QMS (Quality Management System) responsibilities:

- Follows the policies and procedures defined in Tenthpin Quality Management System (QMS) to ensure consistent adherence to quality and security standards.
- Collaborates with relevant stakeholders to identify opportunities for process improvements.
- Safeguards information and data assets by adhering to the security standards defined in Tenthpin QMS and implemented by Tenthpin IT team.
- Reports any deviations from established QMS and information security rules.
- Participates in regular training sessions to stay informed about updates and changes to QMS processes.

#### Qualifications:

- Holds a Bachelor's or Master's degree in a relevant field (e.g., Business, Engineering, IT, or equivalent).
- Demonstrates the ability to produce quality work products autonomously.
- Builds professional relationships and networks effectively.
- Supports sales or consulting proposals with experience and expertise.
- Engages in continuous learning and contributes to the company's knowledge repository.
- Communicates effectively with clients and team members, possessing strong skills in both oral and written English; additional languages are beneficial.
- Works collaboratively in a team and independently on tasks as needed.

#### Reporting Structure:

- Reports directly to the Community Lead.
